**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Randi L. Karpinia on May 05, 2006.

The application has been amended as follows:

***In The Claims***

Claims 2-50 are canceled.

***Allowable Subject Matter***

2. Claims 51-57 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art does not teach or fairly suggest generating initial control communications information in a last time slot of a respective time frame indicating initial presence of a respective terminal in order to start communicating with other terminals, as specified in independent claims 51 and 57.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
